

A detailed still life painting featuring a woven basket filled with various flowers. The central focus is a large, multi-petaled rose with soft pink and red hues. To its left is another similar rose, and to its right is a smaller, dark blue or black flower. In the upper right corner, there are several white flowers with yellow centers. The background is dark and textured, suggesting a wooden surface or a shadowed wall. The overall style is classical and realistic, with fine brushwork and a rich color palette.
